

DIGITAL MARKETING INTERNSHIP

at HappierMe ❤️

Marlena Branham

WHO IS HAPPIERME?

HappierMe is a transformative app designed to enhance mental well-being and personal development. It offers over 70 modules focusing on mental health, relationships, and professional growth, providing users with tools to manage stress, anxiety, and emotional challenges!

This summer, I was apart of the team that launched the dedicated teen section within the app, addressing the growing need for mental health support among younger users under 18 years of age. HappierMe is also working on expanding its presence across college campuses and high schools through the development of student ambassador programs to empower students to promote mental health awareness and well-being within their communities!

ROLE OVERVIEW

- **Learning Objectives**

- Translate user research into design improvements and understand its impact on product strategy
- Collaborate with cross-functional teams to align business, design, and marketing for market appeal and user growth
- Gain insights into the entrepreneurial aspects of running a digital health startup, including funding, business modeling, and scaling

- **Daily/Weekly Tasks**

- Conducted market research, UX/UI research + design, competitive analysis for new product development
- Managed US Student Ambassador Program
- Developed marketing strategies

KEY ACCOMPLISHMENTS

Developed a detailed marketing calendar that improved social media engagement by 20%

Conducted and analyzed usability tests which led to key UX/UI improvements on the HappierMe platform, specifically the “Daily Check-In” + the “Wellness Score”

Created and managed the HappierMe Student Ambassador Program in the United States, and gained 5 new campus ambassador organizations

ADVICE FOR FUTURE INTERNS

01

02

03

Build strong relationships with fellow interns and employees within the company

Networking within your company can lead to valuable career opportunities and feedback. Use LinkedIn to enhance your professional visibility; you never know who might notice your work!

Schedule 2 weekly meetings with your supervisor

Have one meeting at the start of the week to ensure you're on track with your tasks and another at the end to receive feedback on completed work.

Seek Out Additional Learning Opportunities

Don't hesitate to ask about mentorship opportunities. Be curious—ask questions, take risks, and embrace the learning process, even if it means failing faster!

IMPACT + FUTURE

Future Career Goals

- Solidified my goal of becoming a serial entrepreneur by gaining valuable insights into the backend of a technology startup
- Mentorship from the c-suite prepared me for roles like Chief Digital Transformation Officer (CDTO) or Chief Digital Officer (CDO) within a company

Next Steps

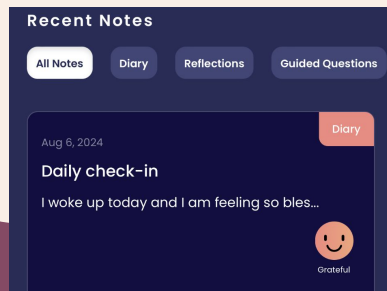

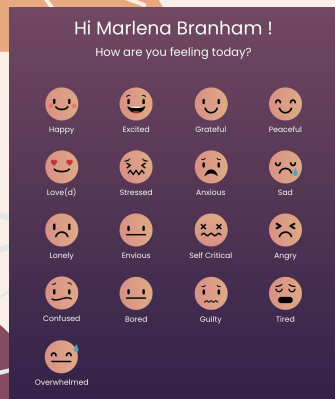

Enroll in advanced business leadership courses during final UMSI year + try to launch my first startup or incubator program for minority students in technology

Reasoning

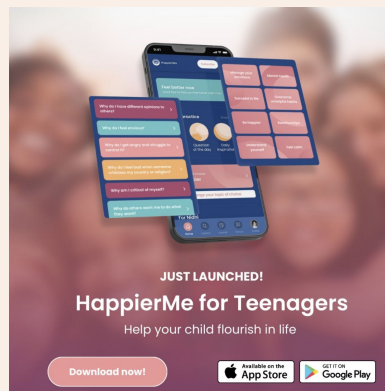

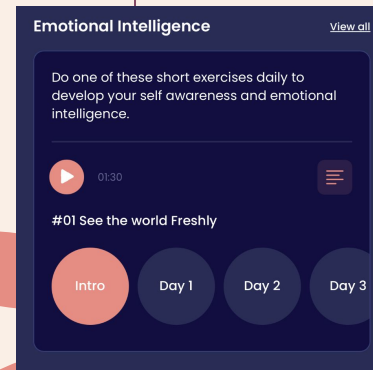

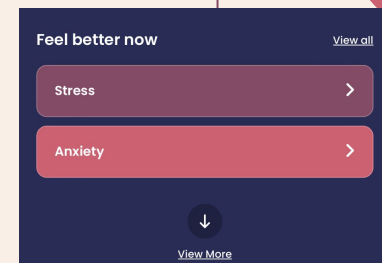

- The founder's mentorship emphasized the importance of staying updated with industry trends, adopting an entrepreneurial mindset, and innovating constantly
- Hands-on experience in turning user research into design improvements and working with cross-functional teams equipped me with skills to align business, design, and marketing strategies effectively

DIGITAL MARKETING INTERNSHIP

at APT Solar Solutions

Marlena Branham

APT Solar Solutions

APT Solar Solutions offers alternative off-grid solar technology designed for "smart city" applications.

Their groundbreaking **3D lighting fixtures** require just one day of charging to provide illumination for three full weeks, making them ideal for premium landscaping in commercial and residential areas, as well as for farmlands.

ROLE OVERVIEW

- **Learning Objectives**
 - Develop proficiency in digital marketing + analytics
 - Deepen my understanding of market research methodologies + strategic analysis
 - Enhance my skills in UX research + design
- **Daily/Weekly Tasks**
 - Focus on finding key distributor partnerships
 - Conduct smart city market entry research
 - Compiled findings into final report for further research efforts

KEY ACCOMPLISHMENTS

Executed smart city market analysis for APT Solar Solutions' expansion by compiling a database of 50+ key US solar solution distributors

Analyzed 6 of the largest solar solutions competitors within the three major interconnections of the U.S. Electric Power Grid to uncover solar product design trends

Collaborated with executives to provide a five year forecast of smart city product development opportunities and manufacturers

ADVICE FOR FUTURE INTERNS

By becoming proficient in data analysis, you can provide valuable insights and make informed strategic decisions during your internship.

Practice clear and concise communication, whether it's presenting your findings, writing reports, or participating in meetings to help you build strong relationships and advocate for your ideas.

Attend company events, join relevant affinity groups, and schedule informational meetings to only helps you expand your professional network but also allows you to learn from others' experiences

IMPACT + FUTURE

- Strengthened desire to work in digital marketing and the renewable energy sector
- Gained more confidence in analytical and market research skills

MY NEXT STEPS

I plan to get certified in Digital Product Management through Coursera, as well as take an introduction class in SQL during my last year in at UMSI

REASONING

- My supervisor highlighted my strong analytical skills and suggested focusing on data-driven marketing strategies.
- Taking advanced courses will boost my market analysis capabilities, making me more competitive in the job market.
